Dear Peter,

I feel very nice and privileged to say that we have been working together for the past 4 years, achieving a new successful goal.

Honestly speaking, it has been great and a joy to work altogether and make an even better congress this year once again!

I am satisfied with the duties we all worked together, along with the local team, in achieving such a high calibre congress once again.

Please convey our gratitude to the entire Vision staff.

On behalf of myself and the entire MZ team, I would like to thank you again.

Looking forward to the next challenges.

With warm regards,
