19002 Peania, Athens, Greece

Dear Peter:

On behalf of the NASA team supporting our exhibit at the Committee on Space Research (COSPAR) 44<sup>th</sup> Scientific Assembly, we would like to thank you for outstanding service and professionalism. The exhibit you provided far exceeded my expectations, it looked awesome! From the solid construction to the professionally printed graphics, and the seamless integration of the video wall into the structure, it was by far the best-looking exhibit at the event.

I look forward to working with you again on a future event.

Sincerely,

A handwritten signature in blue ink that reads "Steve M. Graham".
