Letter of Reference - 52nd EDTNA/ERCA International Conference

September 21-24, 2024 | Megaron Athens International Conference Centre, Athens, Greece

Dear Peter Theodorides,

It is my pleasure to provide this reference for Vision, Global Exhibitions & Event Solutions, who served as our supplier for the exhibition at the 52nd EDTNA/ERCA International Conference. Throughout the entire process, Vision delivered exceptional service, supporting us in various aspects of the event with professionalism, dedication, and expertise.

Vision was responsible for building our exhibition stands and went above and beyond by providing additional services, including exhibition marking, signage, external AV support, and hostesses. Their team's coordination of these elements significantly contributed to the success of our event. The signage provided was clear and highly effective in guiding attendees throughout the venue, while the hostesses were outstanding—friendly, professional, and a true asset to the event.

One of the standout aspects of working with Vision was their attention to detail and their ability to handle last-minute requests. Whether it was accommodating sudden changes or liaising with our partners to ensure smooth execution, Vision's team always responded swiftly and with a positive attitude. Their experience in the field was evident, and their communication throughout the process was excellent, which gave us peace of mind leading up to and during the conference.

We were also grateful for their recommendations of other suppliers, which demonstrated their in-depth understanding of the industry and their willingness to ensure the overall success of the event. Every interaction with their team was professional, and we truly appreciated the dedication they showed in meeting our needs.

In conclusion, I would highly recommend Vision, Global Exhibitions & Event Solutions for any exhibition or event support services. Their professionalism, reliability, and outstanding service made them an invaluable partner to us, and we look forward to working with them again in the future.

Sincerely,

Barbora Veselá
EDTNA/ERCA Project Event Manager, Sponsorship & Exhibition
