

Milano, 26 May 2025

To Whom It May Concern,

It is with great pleasure and the utmost confidence that I provide this reference for **Vision Ltd**, whose exceptional contributions to the success of **Euromedlab 2025 in Brussels** have once again set a new benchmark for professionalism, dedication, and excellence in event and exhibition services.

My collaboration with Vision Ltd began in 2017 in Athens, Greece, and since that first successful engagement, I have had the privilege of working with them on five major editions of Euromedlab, including Barcelona, Munich, Rome, and now Brussels. With each successive project, Vision has not only met but consistently **exceeded expectations**, solidifying their reputation as an indispensable partner in the delivery of complex, large-scale international congresses.

For **Euromedlab 2025 in Brussels**, Vision faced a particularly challenging environment, marked by heightened regulatory requirements, stringent health and safety protocols, and an intricate venue layout that demanded meticulous planning, precise execution, and creative problem-solving. Throughout the entire process, from initial concept design to final onsite delivery, Vision demonstrated an unwavering commitment to quality, efficiency, and client satisfaction. Their proactive approach, combined with deep industry expertise and an extraordinary capacity for flexibility, ensured that no obstacle was insurmountable.

Vision's **project management team** worked seamlessly with all stakeholders—organizers, exhibitors, venue staff, and suppliers—to deliver a flawless event experience. They anticipated issues before they arose, provided innovative solutions, and handled last-minute changes with professionalism and grace. Their ability to adapt to evolving circumstances, while maintaining a positive and collaborative atmosphere, was instrumental in the smooth running of the event and the satisfaction of all participants.

I would like to highlight Vision's **exceptional attention to detail** across all facets of their work: from the design and construction of high-quality exhibition stands, to the precise and timely installation of technical services, to the thorough supervision of health and safety compliance, Vision left nothing to chance. Their dedication to excellence was evident in every element of the event, contributing significantly to the overall success of Euromedlab 2025.

It is rare to encounter a partner who so thoroughly embodies the qualities of **reliability, creativity, and professionalism**. Vision takes full ownership of every project they undertake, demonstrating a genuine commitment to not just meeting, but exceeding, the expectations of their clients. They are not just a service provider; they are a **trusted partner** who approaches every project with passion, care, and an unwavering focus on delivering outstanding results.

I extend my **highest recommendation** for Vision Ltd to any organization seeking a partner who will go above and beyond to ensure the success of their event. It is an honor to work alongside such a dedicated and talented team, and I look forward to continuing our collaboration on future projects.

With sincere appreciation and best regards,

Stefano Montalbetti
