Milano, 3 November 2026

To Whom It May Concern,

Having partnered with Vision Ltd since 2017 across major European and world editions in Athens, Barcelona, Munich, Rome, Brussels, and Dubai, our recent collaboration for WorldLab 2026 at Yashobhoomi in New Delhi proved once again why Vision is in a class of its own.

Taking a major international congress to New Delhi presented complex logistical demands, but what truly defined Vision's work was not just their technical execution, it was their extraordinary human touch. From day one, the Vision team brought an infectious energy, genuine warmth, and absolute composure to the floor. They connected effortlessly with local teams, international delegates, and exhibitors alike, turning high-pressure moments into seamless, positive human interactions.

The professionalism shown by Vision goes far beyond checklists and stand builds; it is rooted in deep care, empathy, and personal accountability. Their ability to solve problems on the ground with grace, open communication, and a calm, reassuring smile gave our entire organization complete peace of mind throughout the event.

Vision Ltd is far more than an exhibition contractor, they are a trusted partner and a true extension of our own team anywhere in the world. I offer my highest personal recommendation to any organization seeking an event partner who combines world-class standards with unmatched heart and dedication.

With sincere appreciation and best regards,

Stefano Montalbetti
